EXPERIENCE

Woodberry Associates. Web Design Intern.
January, 2017 – Present | Washington, DC

Developed and maintained AfPA's proprietary websites, including integration with WordPress, Expression Engine, and Squarespace. Rebuilt various websites to increase backend homogeneity, editorial accessibility, and traffic retention rates.

Inkoo. Marketing Intern.
September, 2016 – December, 2016 | Barcelona, ES

Developed the online presence of Inkoo's proprietary brand and LEAN manufacturing branch. Maintained corporate WordPress site. Contributed research to Inkoo's electric vehicle charger installation enterprise. www.togrowlean.com.

Hackital. Web Developer & Sponsorship Liaison.
April, 2016 – Present | Washington, DC

Recruited sponsors for first and second installments of annual Foggy Bottom intercity student hackathon. Assisted in brand development, website design, and promotion. www.hackital.io.

The GW Ax. Web Developer.
September, 2015 – Present | Washington, DC

Constructed and currently maintains The GW Ax's website. Manages the publication cycle and the publication pipeline. Utilizes social media manager tools to push articles onto Facebook, Twitter, and Google+. Produced HTML formatting templates for article construction. www.thegwax.org.

Budbot. UI & Backend Developer.
April, 2016 – August, 2016 | Washington, DC

Developing text bot UI and sales pipeline in anticipation of application release. Assisted in website design. www.budbot.co.

Digital Media Academy. Instructor.
June, 2016 – August, 2016 | Washington, DC

Organized and orchestrated tech-oriented educational programs for children and young adults (seven through sixteen years). Taught concepts varying from videogame modding to basic Java and Python.

Camp JRF. Bunk Counselor.
Summer 2014, Summer 2015 | Poconos, PA

Engaged extensively with children of all ages. Lived with and cared for children (eight through fourteen years) for extended periods. Organized and taught the creative writing, boating, mountain biking, and Ultimate Frisbee activities.
